“PIERRE VIRANT”

GRAPE VARIETIES Chardonnay

TERROIR

Located at the top of the hill, above the famous Clos Saint Denis, the vines are rooted in a compact chalky soil from the Bathonian period. At 270 meters of altitude, it enjoys a cooler climate.

WINE CHARACTER

From a light yellow to a greenish hue, the color is bright. The typical “chardonnay” nose presents aromas of white flowers (hawthorn, acacia, and verbenas). On the palate, it offers a good density with a lot of tension. Delicate and long finish with floral and mineral notes.
